MANAGEMENT DISCUSSION AND ANALYSIS

Management Discussion and Analysis is given in a separate section forming part of the Director's Report in this Annual Report.

1. INDUSTRY STRUCTURE & DEVELOPMENT

During the year, GST and Real Estate Regulation (and Development) Act (RERA) reduced the pace of growth in the sector. However, these regulatory changes are expected to contribute positively towards increased transparency and sustained growth in the coming years. RERA, which was introduced to protect the interest of homebuyers and boost investments in the real estate sector, has now been implemented in 27 states. The year saw the Indian consumer hesitant towards making purchase decisions, which led to subdued sales and muted property prices throughout the markets. Under RERA, developers were not permitted to raise initial capital from sales due to registration-related compliances. RERA also triggered consolidation amongst developers due to the stringent compliance norms, which will result in only a few established players dominating the market going forward.

In the pre RERA era, developers would use the funds from the pre-sale of units for the early stages of development of projects. With the implementation of RERA in May 2017, pre-sales or the sale of units can be undertaken only after securing all the required approvals; this shift in scenario increased the developer's dependency on external funding.

A renewed focus of the Government on the middle-income population, which had, in the past, stayed away from real estate with its burgeoning prices in urban areas, has given birth to a new growth avenue in the form of Affordable Housing. Most of the developers have either already forayed into the Affordable Housing segment or have started looking at opportunities in the sector.

2. OPPORTUNITIES & THREATS & OUTLOOK

Rising interest rates and the economy are the top two current issues to watch in real estate. Developers will look to consolidate and exhaust existing inventory before launching new projects while buyers and investors will continue to wait to see if there is further price correction or consolidation in the market.

The Company will continue to explore the market as a whole and even aims at business expansion and exploration of unhidden areas of work.

The 'affordable housing' with interest subsidy of 4%, will boost buying and selling of a home.

3. RISKS & CONCERNS

Your Company has laid down procedures to inform the Board members about the risk assessment and risk minimization procedures. The Company is exposed to price risks.

There are almost 50 approvals or more need to be taken for starting a real estate project and further these approvals are required from different government departments or authorities. This is one of the major causes of delays and high amount of corruption in real estate sector. Consequently corruption and delay cause inconvenience to customers only.

4. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Your Company believes in formulating adequate and effective internal control system and implementing the same to ensure protection against misuse or loss of assets and interest of the Company are safeguarded and reliability of the accounting data and accuracy are ensured with proper checks and balances. The Audit Committee meets periodically, reviews the effectiveness and suggests improvement for strengthening them.

The culture of self governance and internal control sustained through varied set of activities including well defined policies and self certification on adherence to the policies and procedure.

5. DISCUSSION ON FINANCIAL PERFORMANCE

Net revenue is **Rs 801.19 Lakhs** over the previous year. The Company has earned Profit of **Rs. 116.86 Lakhs** in 2017-18

6. SIGNIFICANT DEVELOPMENTS IN HUMAN RESOURCES

There is no material development in human resources and industrial relations are cordial.

7. CAUTIONARY NOTE

Statement in this report describing the Company's objectives, projections, estimates and expectations may be 'forward looking statements' within the meaning of applicable laws and regulations. Although we believe our expectations are based on reasonable assumptions, these forward-looking statements may be influenced by numerous risks and uncertainties which include changes in government regulation, tax regimes and other incidental factors that could cause actual outcomes and results to be materially different from those expressed or implied.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the Internal Financial Control over financial reporting of **Prerna Infrabuild Limited** (“the Company”) as of 31st March, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year then ended.

Management Responsibility for the Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.

Annexure (A) to Auditors' Report

Referred to in paragraph 1(f) under the heading “Report on other legal and regulatory requirements” of our report of even date.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the Internal Financial Control over financial reporting of Prerna Infrabuild Limited (hereinafter referred to as “the Company”). as of 31st March, 2018 in conjunction with our audit of the consolidated financial statements of the Company for the year then ended.

Management’s Responsibility for Internal Financial Control

The respective Board of Directors of the Holding company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal Financial Controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial

reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion
